| Hunters will keep killing elephants | unless | people stop buying ivory ornaments. |
| Whales will become extinct          |        | we stop killing them.               |

A

To make A stop, B must happen first.

B

## Phonics

The long 'e' sound

keep  
sea

Listen and find the letters that make the long 'e' sound.

Fishermen will keep catching reef fish in the sea unless we stop eating them.

# Practice 1

Hunters will keep killing ... **unless** ... people stop buying / eating ...

Read the poster. Then talk about ways to save our wildlife. 

## Save our wildlife - don't buy animal products

Do you know that more than **100 million** animals are killed each year?

Why? To make things we don't need!

Ivory ornaments made from elephant tusks

Shark fin soup made from shark fins

Rugs made from tiger skins

Leather handbags made from crocodile skins

Buying these things = killing these animals

Stop buying / eating = Stop killing This is the ONLY way!

Hunters will keep killing elephants **unless** people stop buying ivory ornaments.

Fishermen ...
